On / Off Squelch

On / Off Squelch

Switch On – Check Settings on INT & 1W.  
Adjust **squelch** –turn back & then turn up ‘til noise just disappears – adjust when necessary.  
Select Channel –17, 77, or 27.(Club usually on 77)  
Press “lock” key until double beep – Settings are now all “locked” – switch off to un-lock.  
Do radio check with shore & patrol boats.  
Switch off & return to Club at end of day!
